Development Officer

## Regions Rising Webinar Series

# Batemans Bay Community Hub

- nbn has always supported communities during times of crisis.
- But after this years bushfires we wanted to do something more.
- So we decided to create a permanent presence on the ground in Batemans Bay by opening our first ever community hub.
- The hub will support residents and businesses in the region, recover from January's bushfires and acts as a relief and recovery centre in any future times of crisis.

# Strengthening Telecommunications Resilience

## Strengthening telecommunications resilience in bushfire and disaster prone areas.

Federal Government grant of \$1.7 million has assisted us to expand our fleet of transportable satellite services, including satellite-equipped “Road Muster” vehicles and portable satellite “Fly-Away” communication kits.

# business nbn™ fibre initiative

240
